STATE OF THE ART MANUFACTURING FACILITIES

Orient Bell Limited (OBL) is one of the largest manufacturers of wall and floor tiles in India. Established in 1977, OBL has been a pioneer in the industry, with a strong focus on customer-centric innovation.

It was the first to manufacture ultra-vitrified tiles, and new product design and development continue to be an ongoing process at OBL. As a result, the company offers an extensive range of tiles in various finishes and textures.

OBL holds three patented technologies - Anti-Static Tiles, Anti-Viral Tiles and Scratch-Free Forever Tiles.

To showcase its wide range of tiles, OBL operates a chain of signature showrooms. Privileged to be associated with leading architects and construction firms across the country, OBL also counts most of the top developers, government bodies, and public sector institutions among its valued customers.

LISTED ON BSE (530365) FOR ~30+ YEARS. AND ALSO ON NSE (ORIENTBELL).

At OBL we believe in excellence. The ISO 9001:2015 accreditation for our quality control management systems reflects this quest for manufacturing products that meet international standards. In 2015 our Sikandarabad plant was awarded with prestigious ISI certification for its products.

As early as in May 2000, OBL was awarded the prestigious ISO 14001 certification by the internationally recognised BSI Management Systems, UK. Our manufacturing units are ISO 14001:2015 certified, the most complete and global expression for an environment friendly industrial company.

We believe in making great products in a safe, healthy and environment friendly way. We have been awarded OHSAS 18001 Certification for Health & Safety Standards. No waste water is ever discharged from our factory.

OBL won the "Certificate Of Merit" in National Energy Conservation Award' 2016 organised by Ministry of Power for saving on Power and Fuel consumption.

GLAZED VITRIFIED TILES

Redefine Premium Living

These 600x1200 luxury tiles- sleek, spacious, and spectacular in every detail. Designed for modern aesthetics, they add depth, character, and timeless elegance to any space. Their expansive format enhances visual continuity, creating a refined and immersive ambience. Engineered for durability and easy maintenance, they deliver long-lasting performance without compromising on style. Perfect for discerning spaces that demand both beauty and substance.

Endless

600x1200mm

Redefine elegance with a continuous, joint-free appearance that creates a seamless flow across surfaces. One of the advantages of endless tiles is that they can give an illusion of a continuous surface. This will give the impression that veins flow continuously, making rooms look bigger and open. This visual flow inspires especially in modern and minimalist designs.

“Endless Tiles. Endless Possibilities.”

GLAZED VITRIFIED TILES

Nature's
warmth,
built to
last

Wooden tiles bring the natural warmth of wood and the durability of tile together, creating spaces that feel both timeless and practical. Their rich textures, earthy tones, and realistic grain patterns add character to any room while resisting moisture, stains, and daily wear. Easy to maintain and perfect for both modern and classic interiors, wooden tiles offer the charm of wood without the worry.

PAVERS & PARKING TILES

Built to take the load. Made to last.

Heavy-duty parking tiles are engineered to withstand extreme load, rough usage, and all-weather conditions without losing their strength or finish. Designed with superior grip, impact resistance, and long-lasting durability, they ensure safety and stability in driveways, garages, and commercial parking areas. Their rugged construction and easy maintenance make them the ideal choice for performance-driven spaces.

europa

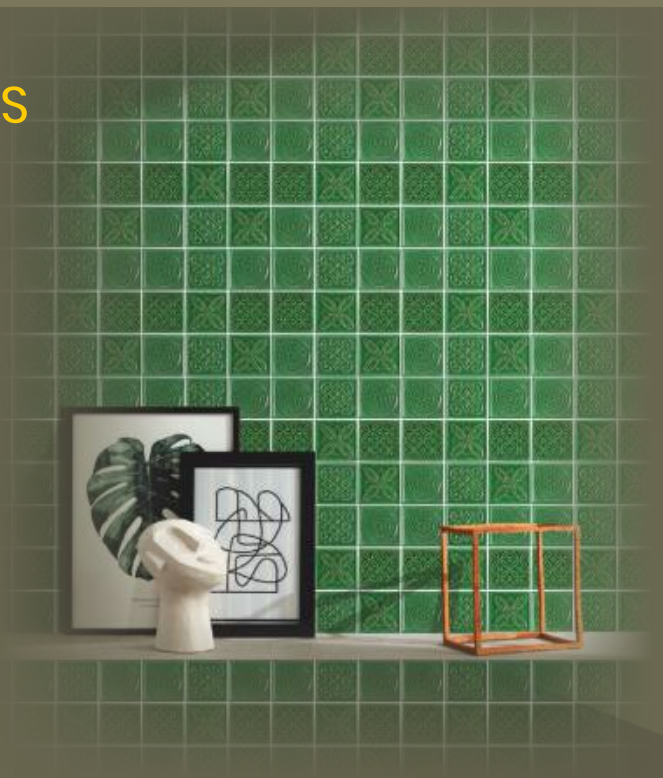

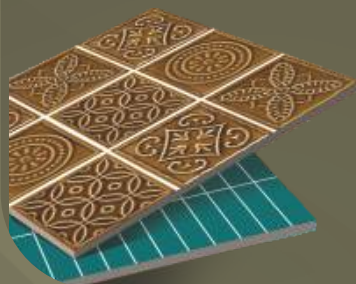

FLEXI TILES

Europa Flexi tiles are ultra-thin, lightweight, and bendable tiles made using advanced composite materials. Unlike traditional rigid tiles, they can flex without breaking, making them ideal for curved surfaces and fast installations.

MOSAIC TILES

Europa Mosaic tiles are intricately crafted small chip format tiles arranged together to create decorative patterns or artistic designs. They are usually mounted on mesh sheets, making installation easier while delivering a seamless, detailed look.

*Available from **West Zone***

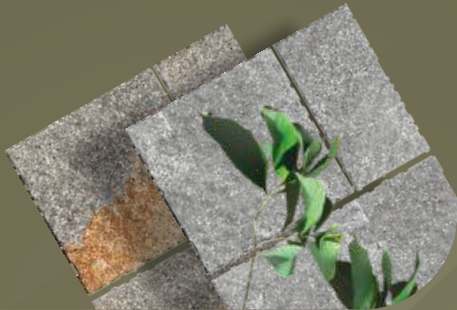

SUBWAY TILES

Europa Subway tiles are sleek rectangular tiles celebrated for their structured geometry and enduring aesthetic, offering a refined surface solution that seamlessly blends heritage design with modern sophistication.

MODULAR TILES

Europa Modular Tiles are heavy-duty tiles crafted using a combination of three different sizes and built with a robust 15 mm thickness. Engineered for strength and durability, they are primarily designed for outdoor spaces, driveways, and high-load areas where performance is as important.
